Dear FCC Commissioners and Chairman Powell,

Further deregulation of our media markets will ruin the diversity and quality of the news and marketing we are exposed to everyday. It is clearly inappropriate for the FCC to call for a rush vote in an effort to further cater to the desires of the huge media conglomerates.

I urge you to vote to protect the public interest by dropping the FCC's plans to end critical safeguards designed to ensure diversity of media ownership and to delay the unnecessarily rushed vote on media ownership scheduled for June 2nd.

Dear Senator McCain,

I urge you to tell the Federal Communications Commission (FCC) not to weaken the rules that help preserve competition and diversity among the owners of America's newspapers and radio and TV stations.

As you know, the FCC is reviewing rules currently for media ownership and is likely to allow big corporations to dominate ownership of media in a particular city or town. If that happens, one company may be allowed to own the local newspaper, several TV and radio stations and the cable TV system in the same community. There would be fewer owners of networks, stations and newspapers nationwide.

Media ownership would be concentrated among fewer companies and the public's ability to have open, informed discussion with a wide variety of viewpoints would be compromised. Plus, it likely would result in higher costs for businesses that advertise in local media, and those costs likely would be passed onto consumers.

The FCC is expected to vote on whether to change the rules on June 2. The public comments submitted to the FCC by individuals have been opposed to media consolidation overwhelmingly. *Americans understand that the public interest is not being served by deregulation that reduces competition.*

Please tell the FCC to reinstate its traditional media ownership rules for the sake of competition and democracy.

Thank you.
